

Why you should have a Lasting Power of Attorney

If you do not have an LPA in place:

- 1 You won't get to choose who makes decisions on your behalf
- 2 Choices about where you live and who cares for you may be in the hands of strangers
- 3 You won't have a say on medical preferences around resuscitation and organ donation

How do I make an LPA?

Choose the right person or people to make the decisions for you and have conversations about your wishes

Formalise that with a legal document - an LPA, using an accredited SFE solicitor
