

Spanish Power of Attorney

Your questions answered.

1 What is a power of attorney?

A Spanish power of attorney is a document which enables you to appoint a representative to act on your behalf in certain legal transactions.

The document could be as specific or as broad as needed. Generally, Power of Attorneys in Spain tend to be broad, as this avoids having to prepare an additional document if further powers are required.

2 Who should I appoint to act on my behalf in my Spanish power of attorney?

Your named representatives must be trusted individuals. We recommend that you appoint a lawyer to deal with your Spanish legal matters to avoid any issues.

3 Can I sign a Spanish Power of Attorney in the UK? Yes!

How do I make an Spanish POA?

Instruct a specialist Spanish Law solicitor who will create the POA based on your needs.

Your solicitor will organise for the POA to be signed before a Notary Public.

Once the document is notarised, the document will need to be legalised to be used in Spain. Your solicitor can arrange this too so an “Apostille” is attached on the document.
