

Fixed Fee Contract Reviews

Do you receive 50-page MSAs, PSLs, or other hideous looking client and RPO contracts that leave your eyes spinning?

No matter how tempting it is to sign the contract and hope for the best, there is always that nagging voice in the back of your head asking, “Are you sure?!”

It can't be underestimated how important it is that you adequately check clauses containing indemnities, payment provisions, warranties, and so on.

Cognitive Law offers fixed fees for contract reviews.
